LADY ANDAL SCHOOL

(An IB PYP Candidate School)

ABOUT US:

Under the umbrella of the illustrious Madras Seva Sadan, Lady Andal School (An IB PYP Candidate School) was established in 2019. The school is pursuing the prestigious IB PYP (International Baccalaureate Primary Years Programme). We aim to create a holistic individual by providing a nurturing environment for the child.

Lady Andal School focuses on the development of the child as an inquirer, both in the classroom and in the world outside. The programme offers a transformative experience for the students, teachers and the whole school community.

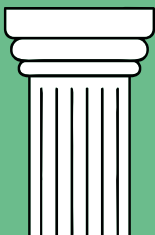

OUR VISION:

Lady Andal School aims to:

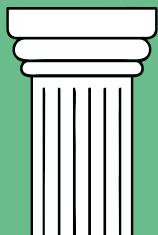

- o Create a happy atmosphere for the child.
- o Focus on all round development of the child with emphasis on individual academic excellence.
- o Help build general, cultural, and social skills in students.
- o Stress on physical development through games and athletics.

OUR PILLARS:

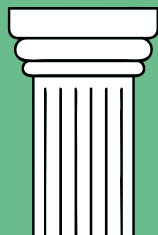

Legacy

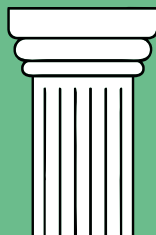

Innovation

Personalized Learning

Global Outlook

PYP at LAS:

Our curriculum focuses on connecting abstract concepts to the real world through inquiry based learning. Theoretical proficiency is scaffolded with practical exercises to gain experiential learning, and often supplemented with reflection time for self-evaluation.

Opportunities are provided to encourage our students to become considerate, compassionate and courageous young citizens who fully take active responsibility for the community and the environment in which they live.

We are committed to creating an environment wherein all students benefit from the different strategies and tools which facilitate all learning needs in an authentic, interactive learning environment.

Our students participate in various projects which provide them a broader perspective on life. They truly learn to value, serve and enrich the community, a philosophy that will stay with them forever.

OUR STRENGTH :

- State of the art infrastructure
- A 1:8 teacher to student ratio
- An innovative and experienced faculty
- A safe and nurturing environment
- Focusing on self-efficacy among students
- Building on real-world skills to develop independent learners
- A close-knit learning community
